CUSTOM DESIGN, MANUFACTURING EXCELLENCE

Barktrunk under the aegis of Shri Balaji Impex is one of the leading stockiest, supplier, manufacturer and exporter of high quality and a diverse range of stainless steel, silicone, melamine and polypropylene pet ware products, with a focus on bringing distinctive Indian designs to the international market.

The promoters of the company have been a trusted name in terms of quality and efficiency in the business of manufacturing stainless steel products in the Indian market for more than 18years. After having catered to the domestic segment for many years, the company has finally decided to get into export business in the year 2017 by launching Barktrunk.com

After having manufacturing stainless steel products, the company decided to add a few more feathers' to its hat. So from 2017 onwards, is also manufacturing silicone, melamine, and polypropylenepetware.

OUR INFRASTRUCTURE

With the state-of-the-art 60000 sq. Feet of high efficiency production unit, with more than 300 highly competent work force, giving their 100% to bring about the final product, we are able to produce 100 tonnes of pet ware every month.

A fully integrated ERP driven operations ensures timely availability of information and data for the optimal utilization of available resources.

Being a responsible corporate citizen, we meet all safety regulations as per international standards.

We are also an ISO 9001:2008 certified company driven by TQM oriented culture in order to ensure consistency in quality of our products.
